

Thirty-Four Commercial – Assistant Property Manager

Job Description

Assistant Property Manager supports the daily operations of property management by performing administrative reporting and tasks, maintaining tenant records, and handling tenant relations. Responsible for inspecting property conditions and coordinating maintenance work orders. Manage properties as directed by the property managers and in accordance with best practices. Function as the professional of the specific asset(s) under management.

As part of the management team professional, the APM is responsible for all aspects of client and tenant satisfaction. The APM is responsible for working directly with the client to ensure a thorough understanding of its investment objectives and the development of acceptable property-specific strategic plans of an operating and capital budget. The APM provides excellent communication (both written and verbal) to both building owners and tenants to ensure an ongoing, successful relationship.
